

Promotion de l'intégration des changements climatiques, entre autres en renforçant la contribution de la biodiversité et les services écosystémiques, dans la planification et la budgétisation des politiques agricoles et forestières nationales, sectorielles et locales en Côte d'Ivoire

Promoting the mainstreaming of climate change, inter alia by enhancing the contribution of biodiversity and ecosystem services, in the planning and budgeting of national, sectoral and local agricultural and forestry policies in Côte d'Ivoire

# BACKGROUND

---

- ❖ Côte d'Ivoire ratified the Paris Agreement on Climate Change on 25th October 2016
- ❖ submitted its Nationally Determined Contributions (NDCs).
- ❖ There is need of financial support to implement NDCs.
- ❖ Agriculture is among the key economic growth sectors. However, developing agriculture led to the loss of more than 80% of national rainforests
- ❖ There is capacity development needs in mainstreaming climate change in national and local planning

## PROJECT GOAL

---

This project aims to improve the level of mainstreaming climate change, inter alia by enhancing the contribution of biodiversity and ecosystem services, in plans, programs and projects in the agriculture and forestry sectors.

# PROJECT OUTCOMES

---

**Outcome 1: Assess the baseline** of mainstreaming climate change, biodiversity and ecosystem services, into national and local policies, plans, projects, programs and programs in the agriculture and forestry sectors.

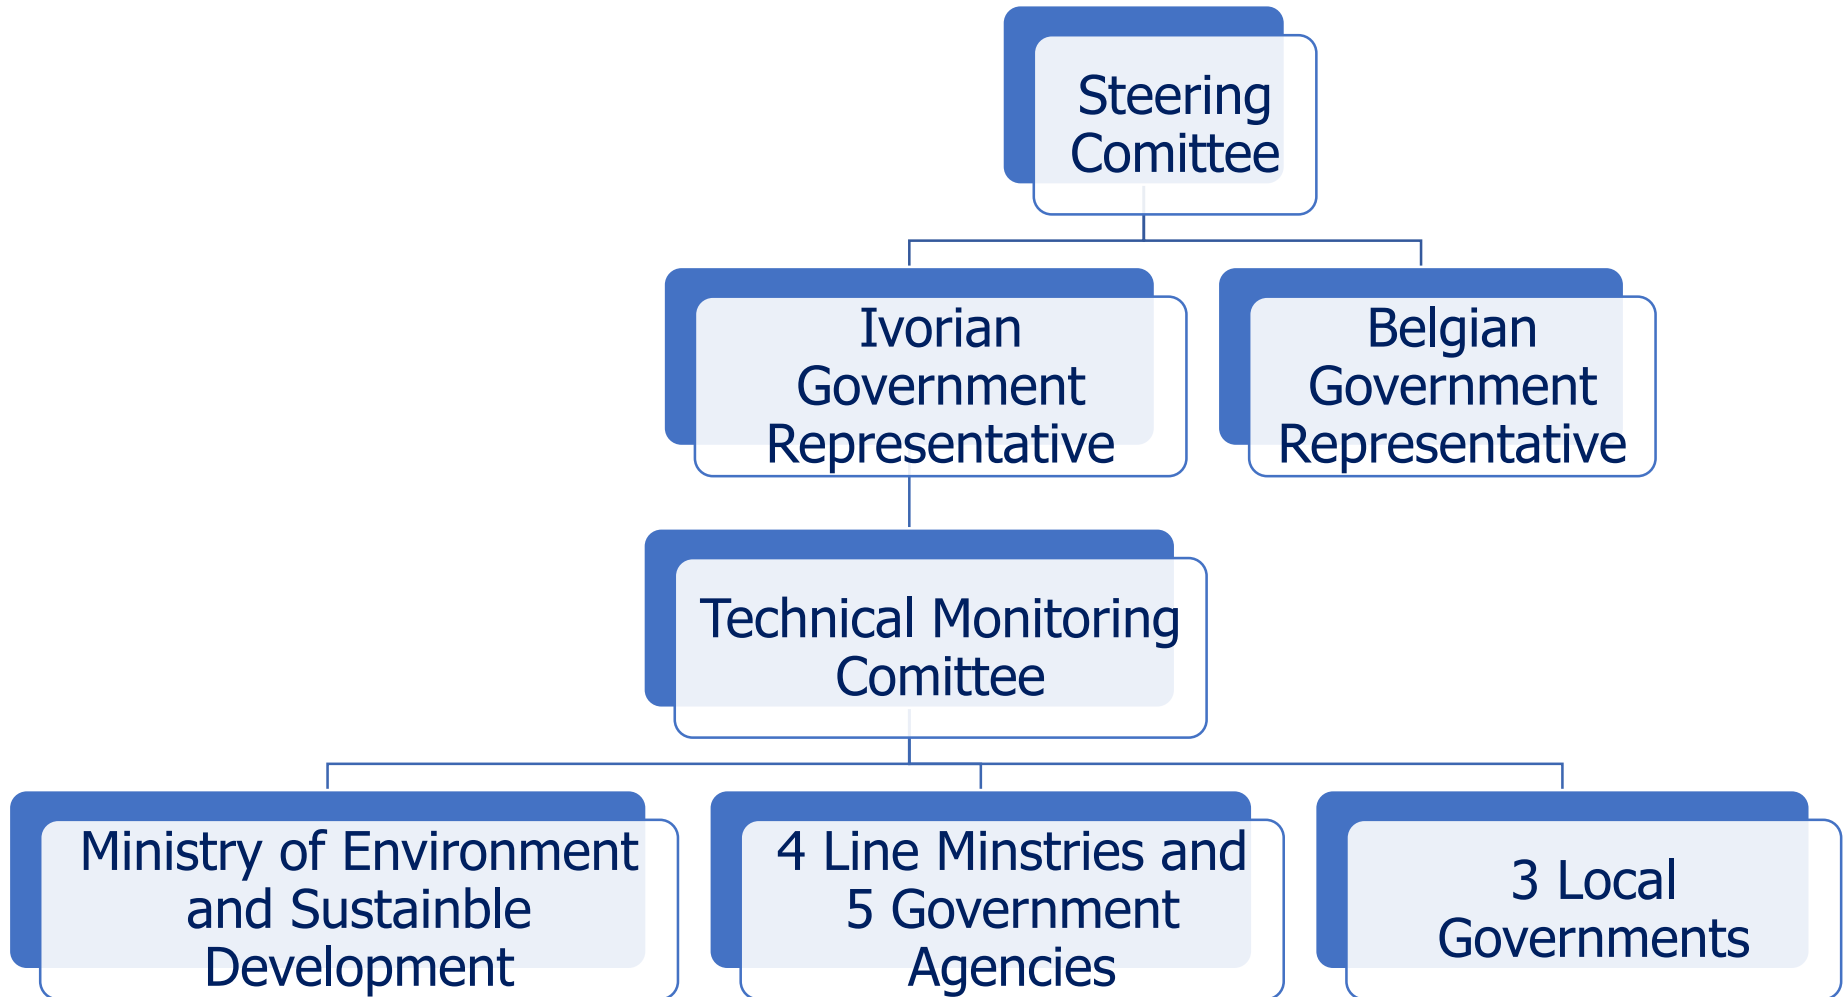

# PROJECT OUTCOMES

---

**Outcome 2:** Based on capacity needs, **develop a methodological tool** for mainstreaming climate change, biodiversity and ecosystem services into the planning and budgeting of agricultural and forestry policies at both national and local levels.

**Outcome 3:** Develop and implement a **capacity-building program** for both national government and local governments experts in mainstreaming climate change, biodiversity and ecosystem services in policies, plans, programs and projects in the agriculture and forestry sectors.

# PROJECT GOVERNANCE

The project is carried out on the basis of country ownership principle <sup>7</sup>

## Methodological approach

- ❖ Hiring a consortium of international and national consultants:
  - Diagnosis of mainstreaming climate change, biodiversity and ecosystem services in national and local planning
  - Development of guidelines to mainstream climate change
  - Design of a training programme for planning experts in agriculture and forestry sectors
- ❖ Organizing a capacity building workshop with about 40 participants.

# PROJECT OUTCOMES

Inception meeting of the Technical Monitoring Committee and launching of the project on 14<sup>th</sup> December 2017 in Abidjan.

# PROJECT OUTCOMES

PROJET « PROMOTION DE L'INTEGRATION DES CHANGEMENTS CLIMATIQUES, ENTRE AUTRES EN RENFORÇANT LA CONTRIBUTION DE LA BIODIVERSITE ET LES SERVICES ECOSYSTEMIQUES, DANS LA PLANIFICATION ET LA BUDGETISATION DES POLITIQUES AGRICOLES ET FORESTIERES NATIONALES, SECTORIELLES ET LOCALES EN COTE D'IVOIRE »

MINISTERE DE LA SALUBRITE, DE L'ENVIRONNEMENT ET DU DEVELOPPEMENT DURABLE (COTE D'IVOIRE)  
DIRECTION GENERALE DE L'ENVIRONNEMENT  
DIRECTION DE LA LUTTE CONTRE LE CHANGEMENT CLIMATIQUE

SPF SANTE PUBLIQUE, SECURITE DE LA CHAINE ALIMENTAIRE ET ENVIRONNEMENT (BELGIQUE)  
DIRECTION GENERALE ENVIRONNEMENT  
SERVICE CHANGEMENTS CLIMATIQUES

CSC N° DG5/CC/SB/17011

LIVRABLE N°4 « GUIDE D'INTEGRATION DES CHANGEMENTS CLIMATIQUES DANS LES POLITIQUES AGRICOLES ET FORESTIERES DE COTE D'IVOIRE »

- ❖ The guidebook is based on literature review and stakeholder consultations.
- ❖ The document is available and was shared with project stakeholders.

15 AVRIL 2018

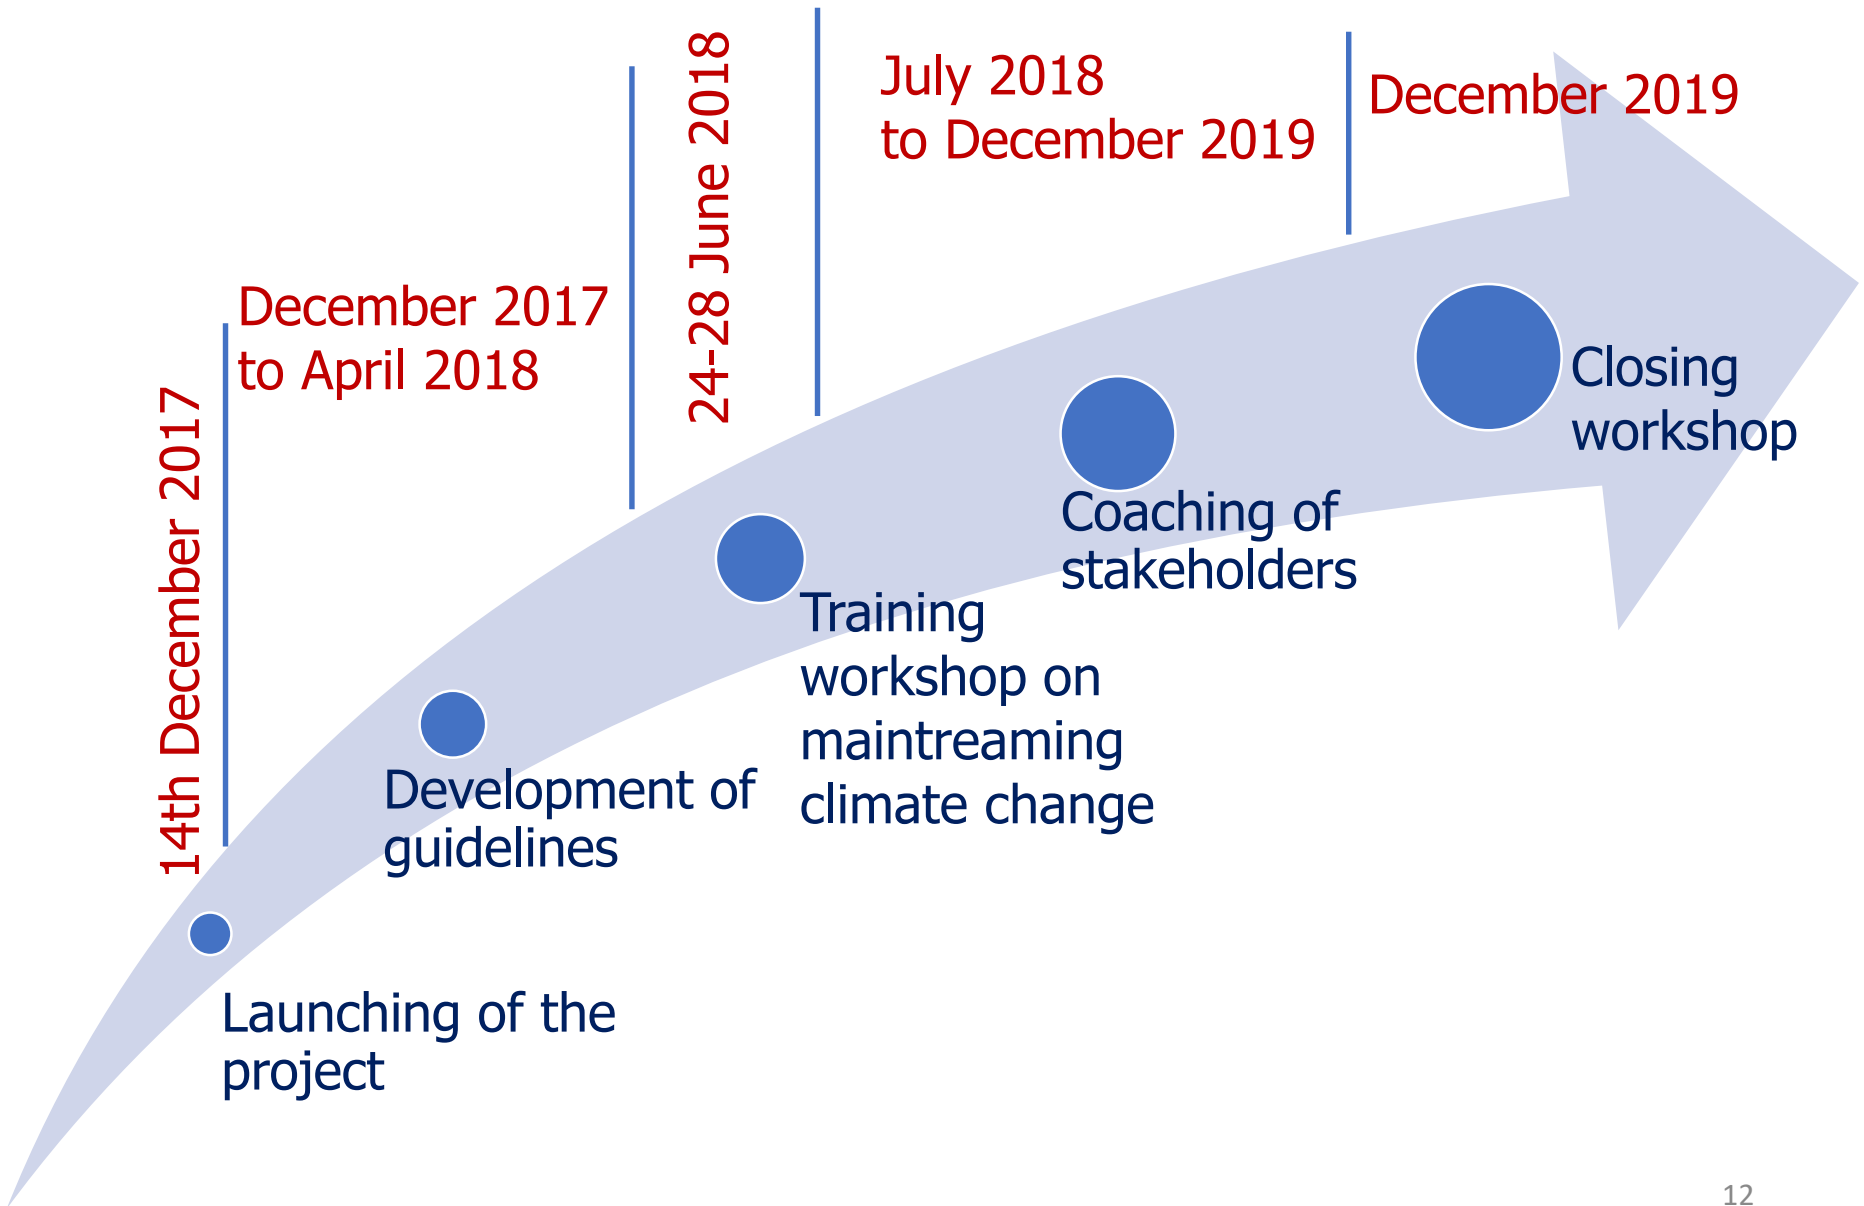

# PROJECT OUTCOMES

Capacity building through 4 days training workshop on the methodological guidebook, in Jacqueville with the participation of 40 stakeholders from both national and local Governments.
